EXTREME

RARE COGNAC

TESSERON EXTRÊME, GRANDE CHAMPAGNE, COGNAC 1er CRU

It is so rare that even specialists only speak of it as a memory of flavours long sought and never found. Velvety and supple on the palate, its exceptional mellowness is matched only by its infinitely complex depth. Its "rancio" nose, the result of long years of ageing in oak casks, is smooth and harmonious. It opens up in waves of countless secondary aromas, whose tones get stronger and stronger, and then ends with a nice, soft finish. Its exceptionally long-lingering taste is an irrefutable pledge of quality.

THIS COGNAC'S AVAILABILITY FOR SALE IS AN EXCEPTIONAL EVENT

This is the very first time that these ancient treasures, sheltered in the peace and privacy of our "Paradis" cellars, have been offered for sale. Nestling in a lacquered box, this unique creation is presented in a small, 1.75 litre, "dame-jeanne" demijohn, like the famous 25 litres "dames-jeannes" from which Tesseron has selected its oldest cognacs and finest eaux-de-vie.
